WHY CHOOSE THE GT3?

CUT + COLLECT

Vacuum collection of grass, leaves and light debris.

SELF-EMPTYING

Automatic hopper emptying and task resumption.

SMART NAVIGATION

RTK, LiDAR and vision-based autonomous mapping.

ALL-SEASON UTILITY

Mow turf or sweep hard surfaces with brushes.

ASK TREBRO UK ABOUT THE PUDU GT3

Pre-order your PUDU GT3 with Trebro UK | Wilberfoss, York

THE TECHNOLOGY BEHIND THE GT3

Autonomous mowing and grounds care made practical

ONE-PASS CUTTING & COLLECTION

Cuts, vacuums and collects in one operation.

AUTO-DUMP & RESUME

Returns to empty the hopper, then carries on.

EDGE SWEEPING

Dual brushes move debris towards the vacuum.
